ENGRAVINGS

DORIC MADE PORT LATE LAST NIGHT

The big Occidental and Oriental liner Doric arrived off the harbor last evening at 7 o'clock from the Orient. As the quarantine is quite strict against Oriental ports on account of the plague at Hongkong it was nearly nine before the steamer reached her dock. A cheer went up from the stevedores when it was announced that the ship would not commence discharging until 6 o'clock this morning. The Doric will sail at noon today, the mail closing as usual one hour previous.

Purser Niswander reports that the sailing of vessels under Japanese charter from Yokohama was stopped on the 21st, the day that the Doric left that port. This was on account of the presence of the Russian Vladivostok fleet off the eastern coast of Japan in the vicinity of Yokohama. Lights, as if from a flash, were seen by a number of persons on board the vessel the evening after the Doric left port, but the officers are not of the opinion that they were on the Russian ships. On the 25th the Korea, westward bound, was sighted in the distance. No other incident marked the voyage although head winds and rather heavy seas retarded the vessel somewhat in her voyage.

The Doric brought six cabin passengers for this port. Among them is the Rev. J. P. Erdman, formerly assistant pastor of the Central Union church, is a passenger. He has been a missionary in China. The other passengers for this port are tourists who will continue their voyage on a later vessel of the company. The steamer also brought in the steamer nine Chinese, ninety Koreans and 136 Japanese. The cargo for this port consisted of 4121 packages or 327 tons.

For San Francisco there are thirty-eight cabin, twenty-four steerage, one Korean, 253 Chinese and thirty-six Japanese passengers. The freight for that port consists of 32,292 packages or 3145 tons. There are 13,554 packages of tea, 111 of silks, 526 of raw silks, 833 gunnies, 100 waste silk, 1193 matting, 3113 rice and eight chests of specie valued at Yen 400,000, or \$200,000.

Of the through passengers, C. L. Gorham has long been an assistant and acting agent for the O. & O. and Pacific Mail companies and is now at the head of the disinfecting plant through which all Asiatics for American and Canadian ports must pass.

Lieut.-Com. Jas. G. Doyle, U. S. N., is the late executive officer of the U. S. Gunboat Wilmington. Mr. Hector Fuller is a war correspondent of the Indianapolis News and other papers returning from the seat of war. J. C. Seigfried is a wealthy tea merchant of San Francisco and Chicago.

Mr. Anthony M. Szentgall has been engineer in charge of railway construction at Port Arthur for European builders. Mr. Lyman I. Mowry is a well known San Francisco attorney with a large Chinese clientele. H. J. Such is a Shanghai merchant.

Mr. R. C. de Candolle is a government engineer. Professor Munro is a member of the Princeton University faculty. Mr. Cappelle is an Indian Civil Service official. J. A. Brandon is Standard Oil agent at Bombay, India.

Comte de Persen, A. F. Grisar and the Messrs. Baco are French tourists. Dr. Fryer is a professor of Oriental languages at the University of California returning from his annual trip to China. J. W. Jobling is a government officer in the Philippines.

RANGE LIGHT IS CHANGED

Honolulu, T. H., July 30, 1904.

NOTICE TO MARINERS—HAWAIIAN ISLANDS—HONOLULU RANGE REAR LIGHT-STATION, HONOLULU HARBOR—ISLAND OF OAHU.

(List of Lights and Fog Signals, Pacific Coast and Hawaiian Islands, 1904, page 54, No. 267.) Notice is hereby given that, on or about August 2, 1904, the intensity of the fixed green light now shown at the Honolulu Range Rear Light-Station, Honolulu Harbor, Island of Oahu, T. H., will be increased by substituting a fixed green lens lantern light in its place.

By order of the Lighthouse Board: A. P. NIBLACK, Lieut. Comdr., U. S. N., Assistant to the Inspector of the 12th Lighthouse District.

Sugar on Hawaii.

Admiral Beckley reports the following sugar on Hawaii ready for shipment: Oahu, 4600; Waianae, 8000; Hawaii Mill, 900; Wainaku, 2100; Onomea, 34,662; Pepeekeo, 10,000; Honouliuli, 12,500; Hakalau, none; Laupahoehoe, 400; Oahala, none; Kula, 2000; Hama-kua, 2500; Paauhau, 3000; Honokaa, 5800; Kukuhaele, 1500; Punaluu, 4125; Honuapo, 593.

Engineer Drowned.

The unlighted Railway wharf No. 1 claimed another victim Friday night

when A. K. Larson, an engineer on the oil ship Marion Chilcott, fell into the harbor and was drowned. Larson, who had been drinking heavily started to return to his ship and it is supposed that in the darkness he mistook the wharf No. 1 for the one at which his ship was lying. The body was found floating near the steamer Mauna Loa which was tied up at the wharf. In the pocket was found a watch which had stopped at 10:30. It is thought that the man fell into the rat guard which runs across the wharf, absolutely unprotected at night. It is said that six or seven drownings can be attributed to this contrivance. Larson was about 35 years of age and it is unknown whether he had a family or not.

VAN DINE'S BULLETIN IS COMPLIMENTED

The following official letter pays a high and deserved compliment to D. L. Van Dine of the U. S. Experiment Station here as to the accuracy of his bulletin on the local mosquito question:

DIVISION OF ENTOMOLOGY.

U. S. Department of Agriculture, Washington, D. C., June 14, 1904. Dear Mr. Arnold: I have yours of the 13th. I have examined with great interest Mr. Van Dine's paper on Mosquitoes in Hawaii, which is to be published at the Government Printing office for distribution in Hawaii. I do not hesitate to approve this manuscript in the heartiest terms. It is an excellent presentation of the subject. They are doing excellent work out there in the way of mosquito extermination. The scientific facts are all right. I trust I may have the privilege of seeing the proof of this bulletin as it passes through the press.

Yours truly, (Signed) L. O. HOWARD, Chief of Division. MR. JOS. A. ARNOLD, Acting Editor and Chief, Division of Publications.

I. O. O. F. DEDICATION CEREMONIES TONIGHT

The dedication of the new Odd Fellows' Building under the auspices of Excelsior Lodge, I. O. O. F., will take place tonight, when an elaborate program, including dedication and altar-building ritual, music, and addresses will obtain.

The exercises begin at 8 o'clock, and only Odd Fellows and Rebekahs will be permitted in the hall during the ceremonies.

Tomorrow afternoon the building will be opened to the inspection of the public at which time the Government band will be in attendance. Tomorrow evening the Odd Fellows and Rebekahs give a dance for which invitations have been issued. Only Odd Fellows, Rebekahs and families of such can be admitted, as the halls are not large enough to house a crowd of the general public.

New wash lawns, 12 yards \$1.60. Kerr's.

A NEW POSTOFFICE AND HOW TO GET IT

In speaking of the chance for getting a new postoffice building, Col. Soper said yesterday:

"It is generally understood that an arrangement had been arrived at between the Territorial Government and the Bishop Estate whereby the government was to acquire the title to a portion of the land fronting the Young Hotel, for a postoffice site, after said site had been approved by a citizens' committee, and the U. S. Commissioner. I now strongly favor the final completion of the above arrangement, to the end that our local government may be vested with its title to said land, in order that our Delegate to Congress may have something tangible in hand when asking for an appropriation for a Federal building.

"It will be such a refreshing experience for the authorities in Washington to have the title to a site presented to them, without cost and without price, that they would in all probability respond liberally, and we would have accomplished one thing at least.

"On the other hand if this site, which has received endorsement as aforesaid is not accepted, but the whole question opened up anew, there will be endless wrangling over the selection of a location, and before we know it another Congress will have passed, and the usual thing done for Hawaii."

LOCAL BREVITIES.

There are now on exhibition at the Aquarium over 400 fish of 80 varieties.

If greatly troubled with mosquitoes notify the Board of Health.
